

PROCESS MEMBERSHIP

INTRODUCTION

The “Process Membership” feature in myLegion allows American Legion Post Officers to renew, add new members and transfer-in existing members from other Posts. **(NOTE: Posts can only transfer-in members that dues are being paid for.)** This feature utilizes electronic payment methods via myLegion, and eliminates the need for Post Officers to send the National/Department portion of the (3-part) membership cards and paper-checks to the Department Headquarters office.

Electronic check (Echeck) is the only payment method available when using this feature. The account must be a valid business checking or savings account held with a US Bank. Credit card payments are only accepted for foreign Posts outside of the US that do not have a checking/savings account with a US Bank.

Each dues payment charged for a member is the sum of the National Per Capita plus Department Per Capita in effect at the time of the transaction. National Headquarters will handle payment of the Department Per Capita back to the Department Headquarters office.

ELECTRONIC CHECK (Echeck) PROCESSING GUIDELINES

The processing time for Echecks is up to 5-business days. During the 5-business day period, a “Pending” charge will be placed on the funds in the checking/savings account designated by the American Legion Post. In addition, the batch status in myLegion will also show a “Pending” status for the 5-business day period. After a successful transfer of funds to the bank at National Headquarters, the transmittal status of the batch will change to “Closed”, and the member information will be applied to the National Database.

Credit card transactions should clear within 24-hours

Declined Echecks

If a Post submits payment for a batch of transactions and the Echeck is declined, the transmittal status of the batch in myLegion will be set to “Declined”. Common reasons for declined Echecks are:

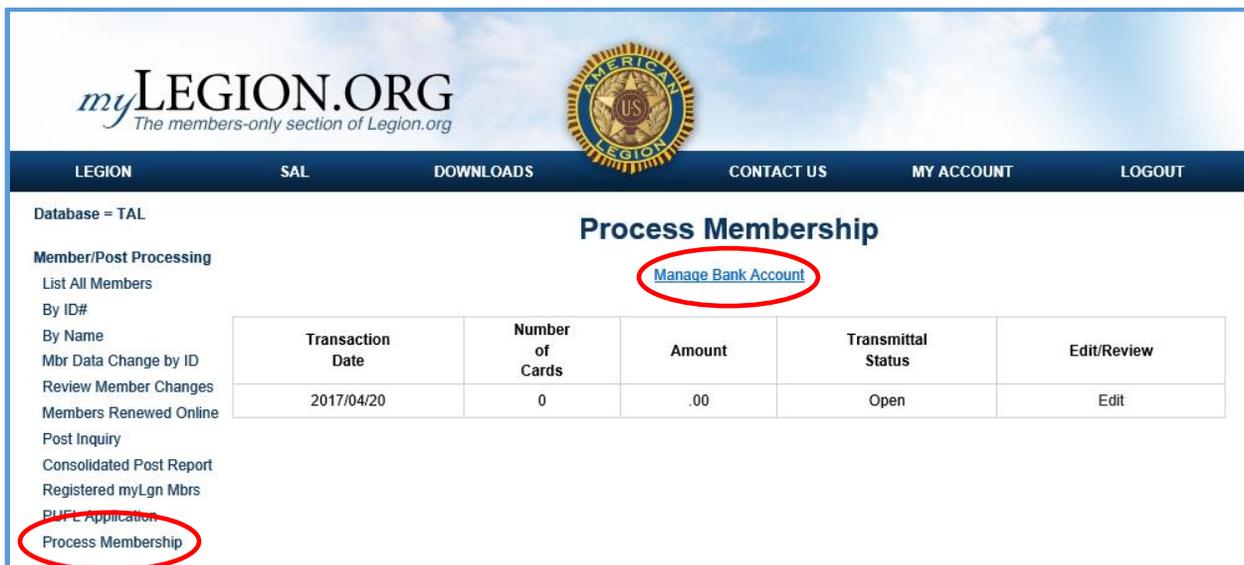

- 1.) Insufficient funds
- 2) Bank Account has been closed
- 3) Invalid Bank Information

In the event a membership batch is declined, the Post Officer will be notified via email, and the batch will NOT be applied to the National database. Declined batches can be re-submitted within 14-days. If not re-submitted within the 14-day period, the batch will be deleted.

The Post will be charged all penalty fees levied by the ACH (Automated Clearing House) processor for declined Echecks. The American Legion National Headquarters reserves the right to suspend the “Process Membership” feature for a Post at any time due to a high volume of declined transactions, or malicious use of the myLegion site.
